HEALTH SAVINGS ACCOUNT

Maximum HSA Contribution Level (including employer contribution) for Family coverage is \$6,750. Single coverage is \$3,400.

- **State Employees** – Employer HSA contributions will reduce depending on the tier structure, see page 7 for details. The Employer HSA contribution amount will be changed to quarterly installments for Plan Year 2017 - the 1st pay period in January, April, July and October.

For state employees with a balance in their Health Care FSA on December 31, 2016, up to \$500 of the balance will roll over to a limited purpose FSA.

- **Non State Employer Group (NSE Group)** - Employees will need to check with their employer to see when the Employer HSA contribution will be made.

ONLINE ENROLLMENT

Both State and NSE Group Employees will enroll online through the Membership Administration Portal (MAP) at <https://sehp.member.hrissuite.com/> See pages 10 -11 for details.

State Employees - Annual enrollment is **required** for:

- **HealthyKIDS** - to see if you qualify, go to page 9 or check out our website at www.kdheks.gov/hcf/sehp/HealthyKIDS.htm The online application is located in the Membership Administration Portal (MAP) - <https://sehp.member.hrissuite.com>
- **Flexible Spending Accounts** - see page 8 or www.kdheks.gov/hcf/sehp/FSA.htm
- **Health Savings Accounts** - see page 7 or www.kdheks.gov/hcf/sehp/HSA.htm

REMEMBER: For all members who had health plan coverage during the last plan year, your health plan elections (excluding HSA and FSA) will automatically continue into the new plan year if you do not actively enroll during the open enrollment period. You will not be able to make any mid-year changes to your coverage without a qualifying event.

CHOOSING YOUR HEALTH PLAN:

Plan A or Plan C High Deductible Health Plan

You have access to both health plans regardless of where you live.

You have choices when it comes to your health care coverage. Choosing the appropriate health plan for you and your family is easier than you think!

The State Employee Health Plan offers two health plan options:

- Plan A
- Plan C with Health Savings Account (HSA) **or** Health Reimbursement Account (HRA).

Please review the Health Plan Comparison Chart at the back of this book to see the differences in the Deductible, Coinsurance and Out Of Pocket maximums for Plans A and C.

Each option is designed differently (for example, Deductibles, Coinsurance and Out Of Pocket maximums) and each health plan vendor offers unique features. Be sure to consider these features before making your selection.

There are two health plan vendors:

- Aetna
- Blue Cross and Blue Shield of Kansas

Each health plan vendor has a unique network of contracting providers. Since Network Providers agree to accept the plan allowance as payment in full, using Network Providers saves you money! Non Network Providers have not agreed to accept the plan allowance, so in addition to your required Out Of Pocket, any amount above the plan allowance will be your responsibility.

Provider Directories are listed on each vendor page on our website - www.kdheks.gov/hcf/sehp/default.htm

Both Vendors offer the following:

- Access to a broad network of providers nationwide which allows you flexibility in obtaining care with coverage for both Network and Non Network Providers.
- 100 percent coverage for certain preventive care services, such as an annual preventive exam, colonoscopy, mammograms and age-appropriate immunizations (including flu shots).
- Policies have no lifetime maximum.
- Prescription drug coverage through Caremark. See page 12 for details.
- Preferred Lab Benefit programs available through either Quest Diagnostics or Stormont-Vail HealthCare.

Plan C with Health Savings Account (HSA) or Health Reimbursement Account (HRA)

When enrolling in Plan C, new participants will need to:

- Accept the Terms and Conditions during the enrollment process to open the Health Savings Account.
- Register their Health Reimbursement Account with US Bank at www.mycdh.optum.com in order to have the employer contributions deposited and view account details.

Plan C has a few differences including:

- Premiums for coverage are lower than those for Plan A.
- Your employer provides you with a contribution to your Health Savings Account (HSA) or Health Reimbursement Account (HRA) that can be used towards your Deductible and/or Coinsurance.
- Most covered services are subject to the Deductible and/or Coinsurance. See the Health Plan Comparison Chart included with this booklet to see the Deductibles, Coinsurance and Out Of Pocket costs.
- The Plan C Caremark Preferred Drug List is the same as Plan A's Preferred Drug List. With Plan C, prescription drug purchases are subject to the Deductible and Coinsurance tier level. Network claims for covered prescription drugs are subject to the Deductible then the appropriate tier level Coinsurance applies until the Out Of Pocket is met.

Health Savings Account (HSA)

Through the HSA, you can set aside pre-tax money to pay for eligible health care expenses. Examples of the types of medical expenses that you can spend your HSA funds for include:

- Deductibles and Coinsurance
- Dental, Drug and Vision expenses
- Over-the-counter medications, such as aspirin, cold medicines, antacids and cough supplements if you have a prescription from your doctor

Both you and your employer contribute money to the Health Savings Account (HSA). The maximum annual contribution to an HSA for 2017 is \$3,400 for single coverage and \$6,750 for dependent coverage. These maximums apply to the sum of your own contributions and your employer's contributions, so the maximum annual contribution for full time employees in 2017 is \$2,400 for single coverage and \$5,000 for Employee/Children coverage and \$5,500 for Employee/Spouse or Family coverage. Members ages 55+ can make additional "catch up" contributions to their HSA each year until they enroll in Medicare. The additional catch-up contribution for 2017 remains at \$1,000. Employees may elect to make changes to their HSA contributions during the calendar year. If no HSA contribution level is selected during Open Enrollment, the contribution amount will default to \$25 per pay period.

Your HSA belongs to you and is "portable" which means that even if you leave your employer, you take your account with you and can use it to pay for eligible medical expenses for you and your tax qualified dependents. Since the account belongs to you, you are responsible for the account investments and fees, so be sure to review the HSA investment options and account fees that apply. See the chart on pages 24 - 25.

HEALTH REIMBURSEMENT ACCOUNT FOR PLAN C MEMBERS - Those enrolled in Plan C that are not eligible for a Health Savings Account (HSA) may elect a Health Reimbursement Account (HRA). See page 8 for details.

State Employees - the Employer HSA contribution amount will be made in quarterly installments for Plan Year 2017 during the **1st pay period in January, April, July and October**.

- The employer contribution amount will be based on your enrollment at the time the contribution is given.
- Employees with a balance of \$25 or greater in their Health Care FSA on December 31, 2016, will have up to \$500 of those funds rolled over to a Limited Purpose FSA in 2017.

Non State Employer Group (NSE Group) - Employees will need to check with their employer to see when the Employer HSA contributions will be made.

New Enrollments

Terms and Conditions must be accepted during the enrollment process to open the Health Savings Account.

For new enrollments during the Plan Year, both State and NSE Group Employer HSA contributions will be prorated.

Optum will mail new enrollees an HSA debit card and account information that may be used to set up their online account access. This is where members can view their account activity and learn more about available account and investment options. Visit www.kdheks.gov/hcf/sehp/HSA.htm for more information.

IMPORTANT - For IRS Guidelines regarding eligibility for Plan C with a Health Savings Account (HSA) go to www.kdheks.gov/hcf/sehp/HSA.htm

Health Reimbursement Account (HRA)

Enrollment in an HRA is available to Active and Non State employees as an alternative for those enrolling in Plan C who are not eligible to contribute to a Health Savings Account (HSA) due to:

- Medicare enrollment
- TRICARE enrollment
- Concurrent enrollment in another health plan not considered a High Deductible Health Plan
- You are eligible to be claimed as a dependent under your parent's tax return
- You have dependent children between ages 23-26 (member may choose to enroll in either the HSA or an HRA in this situation)

IMPORTANT - Appropriate documentation must be provided showing you are eligible for the HRA. For further details, go to our website at: www.kdheks.gov/hcf/sehp/HRA.htm

A Health Reimbursement Account is an employer-sponsored account that has similarities to both a Health Care Flexible Spending Account and a Health Savings Account. However, contributions are funded entirely by your employer - no employee contributions are permitted. The HRA is not portable and any remaining funds at the end of the year will not roll into the next plan year. Participants will have sixty (60) days from the end of a plan year (December 31st) to file any claims incurred during that plan year. **Note:** The IRS requires that all transactions be validated, including any debit card transactions. Throughout the year, you should keep your original receipts and documentation for prescriptions and health-related expenses for all transactions (including debit card transactions), in order to verify a claim.

Should you terminate coverage with the SEHP prior to the end of the plan year, you will have sixty (60) days from your last date on SEHP coverage to file any claims incurred while you were covered that plan year.

Register your HRA with Optum at www.mycdh.optum.com in order to view account details.

Examples of medical expenses that you can spend your HRA funds for include:

- Deductibles and Coinsurance
- Dental, Drug and Vision expenses
- Over the Counter medications, such as aspirin, cold medicines, antacids and cough supplements if you have a prescription from your doctor

The HRA employer contribution frequency and amounts will be identical to that of the Health Savings Account. Optum will be the HRA administrator.

State of Kansas employees will be eligible to enroll in a Health Care FSA through NueSynergy in order to make pre-tax contributions to pay for eligible health expenses. Each account comes with a debit card to access funds. Reimbursements may be made online, by fax or by mail.

For further details go to our website at: www.kdheks.gov/hcf/sehp/HRA.htm

Flexible Spending Account Program (FSA)

www.KansasFSA.com

For State of Kansas Employees

Remember, annual FSA enrollment is an IRS requirement.

You must enroll each October during the open enrollment period. The new enrollment will become effective January 1.

The deadline to submit Dependent Care claims against your 2017 Plan Year balance is April 30, 2018.

Carry over up to \$500 in unused Healthcare or Limited Purpose FSA Funds

FSA participants can carry over up to \$500 of remaining FSA funds into the next plan year and those funds may be used for qualified medical expenses incurred during that year. This valuable feature gives you the flexibility to spend your FSA funds at a future date and reduces the likelihood that your unused funds will be forfeited. The carryover will not count against your annual election and your cumulative carryover balance from year to year cannot exceed \$500.

Remaining Health/Limited FSA funds will automatically be carried over to the type of FSA in which you are currently enrolled, as long as the balance is \$25 or greater. If the balance is below \$25, funds will not automatically carry over and will only be accessible during the run out period. After the run out period, any remaining balance will be forfeited.

If you are enrolled in Plan C and enrolling into an HSA for the first time in plan year 2017 and previously had a Healthcare FSA, your funds will automatically carry over into a Limited Scope FSA.

Save on eligible medical and daycare expenses.

To receive reimbursement for Dependent Care, you must submit your provider's Social Security Number or Employer Identification Number (EIN). There is no grace period for the Dependent Care FSA. You have until April 30, 2018, to submit documentation for reimbursement of Plan Year 2017 dependent care expenses. Plan the amount you put into your FSA carefully so that it does not exceed the amount you are likely to pay for eligible expenses.

Easily access your FSA funds with direct deposit and free debit card

During enrollment, you'll complete a mandatory direct-deposit form, and you will receive your free Kansas FSA debit card. By using your debit card, you'll rarely have Out Of Pocket expenses; you'll have access to the full plan year amount on January 1, 2017; and you'll eliminate paper claim submissions. Remember, the debit card is not a paperless form of reimbursement. You may still have to submit supporting documentation for your expenses if requested by NueSynergy.

Note: Reimbursements are provided via direct deposit.

For more information, including tools and calculators, FAQs, eligible expenses, Direct Deposit setup forms and more, visit www.KansasFSA.com

HealthyKIDS Program - For State Employees Only

The HealthyKIDS program helps eligible State employees cover the cost of the premiums for their children enrolled in the State Employee Health Plan.

Eligibility for the HealthyKIDS program is based in part on family income. Children in households with incomes up to 250 percent of the Federal Poverty Levels, who would otherwise qualify for the Federal/State HealthWave program, may be eligible.

Check out the income guideline chart link at www.kdheks.gov/hcf/sehp/HealthyKIDS.htm to see if you may qualify. There is additional information on this site which may help to determine your eligibility. If you believe you are eligible for HealthyKIDS, go to the Membership Administration Portal (MAP) - <https://sehp.member.hrissuite.com> to apply.

Annual enrollment is required. If you are applying mid-year due to a qualifying event, your application must be received no later than 31 days from the date of the qualifying event.

At the time of your application, you will be notified online if you qualify and are approved for the HealthyKIDS program. If approved, your premiums for coverage of your dependent children will be adjusted based upon the current HealthyKIDS contributions.

ENROLLING FOR HEALTH CARE BENEFITS

The Annual Open Enrollment Period is October 1 through October 31. Your benefit elections become effective January 1 of the following year. Unless you experience a "qualifying event" during the plan year, your decisions are binding until the next annual open enrollment period.

Qualifying events include life-altering events such as the birth or adoption of a child, marriage, divorce, death of a spouse or a dependent, or gain or loss of employment and benefits for a spouse or a dependent.

Changing Your Coverage - Health plan changes due to a qualifying event during the plan year must be consistent with the event. The change must be made in the Membership Administration Portal (MAP) within 31 days of the event in order for the change to be effective the first day of the month following the event. If the event takes place on the first

day of the month, the effective date will be that day. **Note:** If the change is not completed within this 31-day period, it will need to be requested during the next open enrollment period.

List of Qualified Dependents and Qualifying Events

For a complete list, consult the Employee Guidebook for your group:

- **State Employees** - www.kdheks.gov/hcf/sehp/download/Active-EEGuide.pdf
- **NSE Group Members** - www.kdheks.gov/hcf/sehp/download/NSEGroup-EEGuide.pdf

Note: In the event of a divorce, coverage for your former spouse and stepchild(ren) ends on the day the divorce is finalized.

Newly Hired or Newly Eligible Employees

You have 31 days after the date you are hired or become eligible to enroll in your choice of coverage. Your coverage will become effective on the first day of the month after the completion of a 30-day waiting period. If you do not enroll by the deadline, you will not be eligible to enroll until the next open enrollment period (unless you experience a “qualifying event” that allows you to make a change).

Who Can Be Covered

In addition to covering yourself, you also can elect coverage for your eligible dependents. Your eligible dependents include:

- Your lawful spouse.
- Your child(ren) or stepchild(ren). To be covered under your health plan, your child(ren) or stepchild(ren) must be under the age of 26.

During the open enrollment period, the required documentation must be submitted online in the Membership Administration Portal (MAP). If dependent documentation is not received, the dependent(s) will not be enrolled in the health plan effective January 1, 2017.

Paying for Your Coverage - Both you and your employer share in the cost of your health care benefits. Employee contributions may be paid on a pre-tax or after-tax basis. **The pre-tax option reduces your taxable income and therefore your taxes.**

State Employees - Employee premiums for all health plans, and contributions to both the Health Savings Accounts (HSAs) with Plan C, and the Flexible Spending Accounts (FSAs) are deducted from your paychecks.

- The premium rate for each vendor and plan is shown in the comparison chart in the back of this booklet. Your rate will depend on if you are full time or part time, the plan you choose and whether you are paid 24 (semi-monthly) or 16 times per year.

NSE Group Members - Check with your benefit contact person for employee rates, etc.

Prescription Drug Plan

Prescription drug coverage is provided through Caremark for Plans A and C, and its cost is included in the health plan rates. While the Preferred Drug List (PDL) is the same for both plans, the amount you pay will vary depending on the plan you select as explained below.

- **Plan A.** Under this plan, generally you pay a Coinsurance for your prescription drug costs throughout the year, up to a combined medical and pharmacy Out Of Pocket maximum of \$5,750 for single and \$11,500 for member with dependent coverage per year.
- **Plan C.** Until you reach your deductible, you will pay 100% of the discounted cost for your prescription drugs when you present your Caremark ID card. Once you have reached your annual health plan Deductible, you pay a Coinsurance for your prescription drug costs throughout the year, up to a combined pharmacy and medical Out Of Pocket maximum of \$5,000 for single and \$10,000 for family. See pages 4 and 22 - 23 for Plan C pharmacy tiers and Coinsurance.

Regardless of which plan you elect, your Out Of Pocket costs will be lower if you use generic and/or preferred brand name drugs. The PDL is available at either: www.kdheks.gov/hcf/sehp/Caremark.htm or www.caremark.com

You can also call Caremark at 800-294-6324 for help finding a preferred drug. A number of popular name brand drugs are projected to be available in generic versions during 2017. This list is also on the website.

Before talking to your physician about prescriptions, it is suggested that you print out the Preferred Drug List (PDL) from the website and take it to any appointments so you can discuss your options. The Caremark plan is designed to encourage you and your health care provider to choose the most cost-effective and clinically-effective medications available. Home delivery is available through Caremark and reorders are processed in as little as five to seven days. To place an initial order or reorder by phone, call 1-800-294-6324 or e-mail online@caremark.com

Specialty and biotech drugs are designed for difficult conditions that don't respond to traditional therapy. A complete list of Specialty Drugs is available at www.kdheks.gov/hcf/sehp/Caremark.htm. These drugs are available only through the Caremark Connect Specialty Pharmacy. Contact Caremark Connect at 1-800-237-2767. A Caremark representative will coordinate patient care with the provider and arrange for medication delivery.

Dental Plan

Member only Dental coverage will now have a semi monthly premium of \$6.00. Employees can now opt out of enrolling in dental coverage or elect a different tier election than their medical enrollment.

Any Dependents enrolled in dental coverage must be enrolled in medical coverage. Dependent dental coverage may not be dropped during the plan year unless dependent medical coverage is also dropped due to a qualifying event.

You have access to two Delta Dental provider networks.

Delta Dental PPO Network - The PPO Network Providers have agreed to a reduced fee for providing dental services. As a result, you generally pay a lower percentage of the total bill than you would when using a Premier (or Non Network) Provider. The PPO network for our group includes all PPO providers in the national DeltaUSA PPO network. Participants have the option to use the PPO providers whenever desired.

Delta Dental Premier Network - Delta Premier Dentists agree to accept the plan allowance as payment in full. You will be responsible for paying only the specific Coinsurance and Deductibles for covered services in addition to any services not covered.

See page 20 for Basic and Enhanced Coverage information.

For more details on Delta Dental Benefits, go to www.kdheks.gov/hcf/sehp/Delta.htm

You are offered two vision plans through *Surency Life and Health*, a Kansas-based company wholly owned by our dental carrier, Delta Dental of Kansas. See page 21 for details on the plans.

Surency partners with *EyeMed Vision Care* for your vision care provider network. Surency's *Insight* network of providers offers you the choice of independent providers or retail providers, such as *LensCrafters*, *Target*, *Sears and Walmart* to name a few. There are more than 700 providers at more than 200 locations for you to utilize. You may search for a provider near you at: www.surency.com/stateofkansas.

Through Surency, you have access to their many value-added benefits which help you save money all year long. These include Glasses.com and ContactsDirect.com where you may access and use your benefits in their online superstores that offer a wide variety of the world's leading brands of frames and lenses.

Surency members may also receive a 40% discount for additional purchases of complete pairs of eyeglasses when using a participating EyeMed provider. Check with the Surency State of Kansas Insight Network to make sure that your provider is participating in the additional discounts provided. With the Sunperks discount plan, you'll receive a \$50 discount at any Sunglass Hut (no minimum purchase necessary). More information on these plans and other value added benefits can be found at: www.surency.com/stateofkansas

Preferred Lab Benefit Available with Plans A and C

For Plan A: Present your State Employee Health Plan ID card identifying your membership. When you use a participating laboratory, either Quest Diagnostics or Stormont-Vail/Cotton-O'Neil, for outpatient non emergency testing that is covered and approved by your health benefit plan, you pay **no** Deductibles, Copays or Coinsurance.

For Plan C: Present your State Employee Health Plan ID card identifying your membership. When you use a participating laboratory, either Quest Diagnostics or Stormont-Vail/Cotton-O'Neil, for outpatient non emergency testing that is covered and approved by your health benefit plan. After you meet the Deductible, covered outpatient lab tests performed by the Preferred Lab providers are paid at 100% by the Plan. **Note:** You may pay these claims with your Health Savings Account dollars.

If your doctor doesn't use Quest Diagnostics or you are not a Cotton-O'Neil patient, bring the lab orders from your doctor to one of the locations provided by Quest Diagnostics or Stormont-Vail/Cotton-O'Neil to have the lab work done and receive either benefit.

Lab Card

Quest Diagnostics offers collection sites at various locations throughout the State of Kansas and nationwide. Also, you can arrange to have specimens picked up from your doctor's office. All it takes is a telephone call to the number on the back of your Quest ID card.

Stormont-Vail/Cotton-O'Neil offers 10 locations in northeast Kansas for all State Employee Health Plan members. You do not have to be a Cotton-O'Neil patient to access this benefit. Lab orders from your physician are required.

PLEASE REMEMBER: You must verbally request to use your Preferred Lab Benefit.

The Preferred Lab Benefit Program does NOT cover:

- Testing ordered during hospitalization
- Lab work needed on an emergency or STAT basis
- Testing done at any other laboratory
- Non-Laboratory work such as mammography, x-rays, imaging and dental work
- Time-sensitive, esoteric testing such as fertility testing, bone marrow studies and spinal fluid tests
- Testing not approved and/or covered by the State of Kansas Plans A or C
- Lab work billed to your health plan by your doctor or another laboratory

The Preferred Lab Benefit is completely voluntary. If you and your health care provider choose to use a lab other than those provided by either Quest Diagnostics or Stormont-Vail HealthCare you still have laboratory coverage. However, you will be responsible for any Deductible, Copayments or Coinsurance applied by the health plan.

HealthQuest (HQ) Rewards Program

HealthQuest Rewards Program Premium Incentive Discount ***www.kansashealthquest.com***

State and Non State employees and their covered spouses who are enrolled in Plans A and C of the State Employee Health Plan are eligible to participate in the HealthQuest wellness and weight management programs and to earn a premium incentive discount. Benefits eligible employees who have waived coverage in the State Employee Health Plan can participate in these programs but are not eligible for the premium incentive discount.

For Plan Year 2017, the HealthQuest program will be offered through a new wellness vendor, Cerner Corporation. Employees and spouses enrolled in Plans A and C who complete the required health assessment questionnaire (HAQ) and earn a total of 40 credits by December 31, 2017, will receive a premium incentive discount. For member only or member and child(ren) coverage tiers, when the employee earns 40 credits including completing the HAQ, they will earn a \$480 premium incentive discount on Plan Year 2018 premiums. For Employee/Spouse and Family tiers, the employee and their covered spouse will each need to earn 40 HQ credits and complete the health assessment during PY 2017 to get the full \$480 during PY 2018. If only one completes the requirements, the premium incentive discount will be \$240. Please note that completion of the Health Assessment Questionnaire (HAQ) is required as part of the 40 credits needed to earn the HealthQuest premium incentive discount.

In addition to HQ credits, starting in January 2017, employees and their covered spouses on Plan C are also eligible to each earn up to \$500 in contributions into the employee's HSA/HRA by completing HealthQuest activities. Watch for more information about the new HealthQuest programs later this fall. Information will be included in the HQ newsletter, webinars will be held and a home mailing will be coming later this fall to provide you with all the details of the new program offerings. Members will be able to select from a wide variety of programs to earn credits as well as a new specialized weight management program called Naturally Slim.

For a list of the programs available to earn credits toward the premium incentive discount go to the HealthQuest website - <http://www.kdheks.gov/hcf/healthquest/default.htm>
